

I Need Some Help!

Please be gentle. I'm a hiring virgin. But I'm doing a big update on my rolodex and need some help with it and maybe some other things. It's not difficult, but I won't kid you. A lot of it is tedious.

Please feel free to apply or if you know of someone who might be interested, you can pass this along to them.

Requirements

- At least two years of interior design experience and/or education*
- A superb knowledge of the business and sources both retail and to the trade.*
- Must have excellent writing and spelling skills
- Very good with detail.
- Comfortable with computers and knowledge of wordpress is important as well.
- Have a great sense of humor.
- Up Beat at least 97.7% of the time.
- Has about 50 hours to devote to this project between now and October 25th. But I would prefer if you could begin helping me sooner rather than later.

** I feel pretty strongly about this, however, if you have a passion for design and learn quickly and little or no experience, I will take that into consideration.*

Please send me your resume, plus a brief cover note (not more than 200 words) to the following email address:
