Paint Schedule Room - for 114 Comm Ave - Garden Level Only	Walls	Ceiling	Trim	Doors
Notes primary bathroom	Let's discuss this further as to what is wall and what is trim. I realize it's a little confusing.		BM - SIMPLY WHITE OC-117 Advance* - Semi-gloss,	The cabinet by the toilet is supposed to be hidden, so it should be painted like the WC niche. However, I'm not 100% sure what will look best.
General Notes			If you feel satin would be better than semi-gloss for some or all of the trim, let's discuss.
